## Village Manager's Update

With this being a short week, and our Cherie taking some much-needed rest, I thought it would be appropriate to mention the care that residents show on a daily basis at Fairview.

It is great to see how residents take an interest in each other, whether it is helping to take someone to the doctor or just caring about how they are doing today. I would also like to acknowledge the interest that residents show with respect to how I and the team are doing. Whether I am at the *Single Malt Club*, the café or walking through the village, there is a genuine care for each other and for that, you should all be proud.

The garden team would like to thank all the residents for the kind words and praise. They are excited about the new planting below the Petanque field, and I look forward to seeing this grow out in time.

Babbage are close to finishing off the inspections and remediation work required for council sign off on stage one of the consent application project. Tod Sampson is moving to Stage 2 and Cherie will be in touch with each of the residents affected.

Gearing up for our annual birthday celebration, bookings have flowed in and no doubt we are all looking forward to celebrating another year for Fairview.

An interesting note on Petanque - I really would invite you to give it a go: The game of Petanque was devised in 1910, in a charming little town between Marseille and Toulon called La Ciotat. In those days, the locals played the so-called *jeu provençal*, which is now much less popular than Petanque. The rules of the *jeu provençal* stipulate that, before throwing the boule, a player must gain momentum by taking one or two running steps.

It happened one day that one of the game's great figures, a certain Jules LeNoir, was confined to a wheelchair as a result of an accident. He was mortified, believing that this would deprive him of the pleasure of the game forever. The other villagers, however, were so concerned for their friend that they voted to change the rules of the game so that he would not be disadvantaged. The new rules eliminated the running requirement; in Petanque, players must throw the boule from within a circle scratched in the dirt, without running steps. In the dialect of the region, it was said that one had to play "*pieds tanqués*" (feet stuck, pé tanca in Provençal), and so was born a new variant of the game.

While I know this might not be an interest of most, I for one, will be giving this a go. This is a lovely part of the village that we can get involved in, with different recreational activities and build relationships.

Winter has stepped up with a week of cold evenings and wet days.

Stay warm and dry. Enjoy the weekend with your family and some doughnuts from our lovely café!!!

## **Nurses Corner**

Hi All,

### **COVID-19 Vaccination Plan**

Please do not shoot the messenger.

I realise for some of you this is a stressful time. Most of you have not yet been notified around a booking for Covid. I can tell you that I was talking to a Doctor in Accident and Emergency last Sunday who had only just had her first vaccine, so you are not alone - even some of the doctors on the Front Line are only just getting their vaccine.

Management at Fairview have been onto the DHB to ask them to come and vaccinate in the village, but at this point of time we have not had a positive response. I would presume that this is because they do not have the vaccinators to do this, this is the only logical explanation for this.

If you are wondering why, I and my nurses cannot give the vaccines it is more complicated than just drawing up and giving an injection. There are lots of hurdles and some we can just not get through.

New Zealand is safe, yes, we could have an outbreak at any time, but we have resources, and we are geographically safer than other countries and again we would go into lock down. That is our worst-case scenario.

You will get vaccinated. It is a matter of time. Ring the number below. When you go you can take a support person who can get vaccinated at the same time. You may have to go further than Birkenhead to get your vaccine so it would be wise to take your support person.

Dr Hunter will be able to come in and give vaccinations however this will not be done until group 4 and whereas that was July it would now be August September.

The vaccination helpline is 0800 282 926.

## **Hospital Admissions**

I have just again been through the experience of taking mum into North Shore Hospital for admission, she is fine and home, but I thought I would just share a little of what went on so that it can give you some insight into your rights.

The admission process was very smooth. In and seeing the doctor, X rays etc in 4 hours. Then a nurse swoops in and says now Dorothy give me your arm and starts to administer something. I said hold on what are you putting into my mothers' veins. What they were giving her was a covering antibiotic – no reason for this, did not ask if she had any allergies (she does). There was a series of other things that happened. My mother has no dementia, she is a bright woman but from the old school of the doctors and nurses are always right.

It made me think about a few of you that go into hospital without that support with you. Know you can always ring us for advice. Sometimes you just may need to have that person that you can talk to, and we are happy to listen and advise the best we can. So put this number in your phone or into your address book 021 861 706.

## **My News**

We have a concrete base ready for a granny flat – progress at last. Had to buy gumboots – we are a muddy mess, but great reason as to not bother with the housekeeping at the moment – there is always a rainbow.

Stay well everyone.

Catharina ☺

## **Food Service Update**

Hello to all residents.

### Chocolate Box Giveaway

Congratulations to Bennie Gunn of Villa 132 who was the lucky recipient in last week's draw.

Please remember to enter every week as each week is a fresh draw.

Write your name on the back of a café receipt and pop it in the entry box.

### Donut Day

Every Friday is Donut Day! Kevin makes them from scratch and they are almost too good to eat.

(A shame to devour little works of art).

This week's flavours are Fresh Cream, Caramel Corn and Jaffa (Choc Orange).

We do offer cake boxes if you would like to buy a selection.

### Next Event

Our next theme night is going to be Mid-Winter Christmas on 28 July. The planning is still under way. This coincides with the pantomime evening.

In August we are also planning another fun evening - a decadent Dessert Buffet.

Once planning is finalised, advertising for both evenings will be sent out.

Have a wonderful week.

Warm regards

Marion

The Village is having an inorganic collection and this will be collected by Waste Management (NZ) Ltd week commencing Monday 21 June. Residents can commence bringing their rubbish from Thursday 17 June through to Sunday 20 June. This gives everyone four days to bring their rubbish to the collection point and covers the weekend if they need family to assist. The designated collection point will be a coned off area behind the Lodge to the right of the southern basement garage door. No paint tins, gas cylinders or items over 50kg.

## **RETIREMENT VILLAGE RESIDENTS ASSOCIATION OF NZ (inc)**

With the exposure in yesterday's Herald and on TV one news last night, and the 6 monthly Newsletter I dropped in your letter box the other day, our National body, RVRANZ have at last got the momentum to get the government to review our ORAs (Occupational Rights Agreement) which has always been slanted in favour of the operator.

If you feel you would like to support this initiative, and as I am the Fairview Village contact person, please consider becoming a financial member. If you would like any assistance in this regard, please give me a ring on 4733533. We now have 38 financial members. A 100% increase in the last 12 months. Peter Cusdin. Villa 86.
